Bm G  
A million miles from home  
Asus A D  
A million miles from home

We all begin the journey  
Asus A  
A million miles from home

Bm G  
A million miles from home  
Asus A D  
A million miles from home  
D/G Asus A D  
But You'll carry me a million miles to home

### v.1

Em  
Who am I  
C2  
That I could follow You  
G Dsus-D-B-B/D#  
That I could honor You with my life?  
Em  
Though I try  
C2  
I'm just a man of flesh  
G Dsus-D  
Was You Who gave me breath and not myself

### v.2

All around  
People are suffering here  
Others don't seem to care as love grows cold  
Blind men lead, wars making nations bleed  
My heart just cries in me  
That I want to go home

Bridge: Bm G D/F# Asus-A  
So carry me in Your arms in Your heart  
Bm G Asus-A  
Keep me in the center of Your will  
Bm G D/F# Asus-A  
For history tells there was a stranger who came here  
G G/A A  
To show we could live free

Coda: Bm D/A G Asus  
Bm G Asus-A D G D/F# Asus-A D
