

JEALOUS ONE

Em

You look at me with eyes of fire
You look at me with strong desire
And You pursued me to a cross
And You would never leave me lost

You despise my enemies
You fought them to get to me
A raging love I can't describe
Bleeding for my heart and life

Chorus: C D Em
 We will never give away our love
 C D Em
 For we know You are the Jealous One
 (May we be found holy when He comes
 For He calls His name the Jealous One)

You won't let me compromise
Or love a world that's filled with lies
For if I only loved myself
It's a tragedy no man can tell
